

THE HAMLIN HERALD

IN 33RD YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JUNE 10, 1938

NUMBER 32

HAMLIN MAN TO TALK AT ABILENE

Tate May of Hamlin, director of district five of the West Texas Chamber of Commerce, will represent the district on the program for the formal opening and dedication of the WTCC headquarters building and resources and museum institute in Abilene Wednesday, June 15.

The cotton and feed exhibit, sponsored by the ten counties of district five, will be explained by Mr. May during the thirty-minute radio tour of West Texas to be broadcast over seven West Texas stations.

Mr. May, whose district is larger than the state of Vermont, will point out that West Texas produces 15 per cent of the nation's cotton, produces cotton at two-thirds less cost than many other sections, that there are 10,000,000 acres of unfarmed cotton and feed land still available to the plow and that West Texas produces 44 per cent of the nation's grain sorghum supply. Cotton seed and grain sorghums can be combined into a balanced ration which is superior to corn for feeding to livestock, Mr. May says.

Counties in district five are Scurry, Fisher, Jones, Shackelford, Stephens, Mitchell, Nolan, Taylor, Calahan and Eastland.

West Texans are being invited to attend the formal opening and dedication program to see the new home of the regional organization. Addresses will be made on the dedication program by Governor James V. Allred, H. S. Hilburn, Plainview, WTCC president; J. C. Hunter, president of Abilene Chamber of Commerce; Gene Howe, Amarillo; Ray Nichols, Vernon; Milburn McCarty, Eastland, and Mayor W. W. Hair, Abilene.

Meetings of the executive board and board of directors, the agricultural board, the editorial board, all secretaries of chambers of commerce in West Texas, West Texas county judges and legislators will be held during the day.—West Texas Chamber of Commerce.

WARNING

State highway patrolmen from Stamford in Hamlin Tuesday announced that they were giving motorists in this vicinity a last opportunity to get their lights, many of which are in very bad shape, into shape as required by law.

They announced that they would be in Hamlin some night in the near future and anyone found operating their car or truck without proper lights would be subject to a fine.

City police of Hamlin announced they were co-operating with the patrolmen in the drive on all kinds of traffic violations and that there would not be a stop until the proper improvement is shown.

Miss Ethel Harris, of Dallas, came up Saturday to spend a two weeks visit with her parents, Mr. and Mrs. R. L. Harris. She is with the S. W. Bell Telephone Co. in Dallas.

Mr. and Mrs. Elmer Feagan went to Dallas this week to attend the commencement exercises of S. M. U. where their son received his degree in accounting.

HAMLIN WINS OVER HASKELL

Sunday the "Oilers" continued their winning streak by defeating the Haskell Braves, 17 to 8, this being the Oilers' seventh consecutive win. Haskell used Hambright Pitman and Hall in an attempt to even the game. The Oilers gathered 10 scores off Hambright in 2 innings. Courtney was not as effective against Haskell as he has been against other teams.—7

Was nipped for 9 hits and 8 runs.

MISS FAIREY GRADUATING

Completing her undergraduate career this spring, Miss Bernice Fairey of Hamlin was awarded her bachelor of science degree Monday, June 6, at the thirty-fifth annual commencement exercises at Texas State College for Women. Her graduating class was the largest in T. S. C. W. history, including over 300 girls.

Dr. L. H. Hubbard, president, addressed the graduates on "Liberty and Democracy," and Dean E. V. White handed out diplomas, and other affairs in honor of the seniors.

With home economics as her major subject, Miss Fairey minored in science. The daughter of Mr. and Mrs. E. F. Fairey she was a member of the Betsy Ross Club. Miss Fairey also did work toward her degree at the North Texas State Teachers College, Stephen F. Austin State Teachers College, and Hardin-Simmons.—TSCW News Bureau.

Mr. and Mrs. Frank Taylor, of Fort Worth, were here Saturday and Sunday to visit his mother, Mrs. J. F. Taylor. They were accompanied by Mrs. Turner Bynum who visited her mother, Mrs. D. D. Harden and other relatives. Mrs. Bynum reports Dr. Bynum's health much improved and he is now able to do a limited amount of practice in the Methodist Hospital where he is also taking some post graduate work.

Mrs. Harry Pitzer, of Lawton, Oklahoma, visited her parents, Mr. and Mrs. H. O. Cassle, Tuesday and Wednesday.

SEEKS THE OFFICE OF DISTRICT ATT'Y

HON. J. C. SHIPMAN of Abilene

This will introduce to the readers of the Herald, the Hon. J. C. Shipman, of Abilene, who is seeking the office of District Attorney, of the 104th District. Mr. Shipman was a visitor in Hamlin last Saturday and while here was a caller at the Herald office. The Herald man does not want to let Mr. Shipman off as lightly as his announcement below tells on himself. We have known Mr. Shipman for many years. He was a member of the legislature and that is a good place to learn a man. We can vouch for him in that he always proved to be a high minded gentleman. He will try to meet each voter during the next few weeks. His formal announcement is as follows:

TO THE VOTERS OF THE 104th JUDICIAL DISTRICT OF TEXAS (TAYLOR, JONES AND FISHER COUNTIES)

I am announcing my candidacy for the Democratic nomination of District Attorney. The enforcement of the law is necessary to the permanency of our government. The law should be enforced with the end in view of improving the welfare of the whole people. In the administration of the law, it should be tempered with mercy and at all times administered with justice: If elected, to this end will work and strive.

Twenty-nine years I have been an actively practicing lawyer. My education was limited to the rural school and the Hamilton High School. I studied law at the University of Texas. The first twenty years of my practice I lived at Hamilton, Texas, during which time I served four years as District Attorney.

The youthful violator should be dealt with with caution and care, and the hardened criminal should know that he cannot successfully violate the law in this district.

To those of you who do not know me personally, I refer you to my friends and acquaintances where I have lived. Nine years ago I moved to Abilene in order to educate my children and for the church and social environments, during which time I have actively been engaged in the practice of law.

I am a democrat and have been a democrat all of my life. While the office of District Attorney is executive rather than political, I have been a democrat in principal, dry on the liquor question, and a conscientious believer in the unqualified enforcement of the law.

I earnestly ask you one and all to inquire of my neighbors as to my fitness for this position. If, after such consideration, you may deem proper to give me your support and influence, I assure you from the depths of my heart it will be greatly appreciated, and I solemnly promise you that my desire and greatest efforts shall be to conduct the affairs of the office, should I be elected, in a manner that would meet with the approval of the law-abiding, God fearing citizens of this district.

Respectfully,
J. C. SHIPMAN.

Little Miss Verna Mae Colwell visited her little friend Wanda Partain in Sweetwater last week.

Mr. and Mrs. A. C. Milner, of Childress, are visiting their sister, Mrs. T. E. Hill near Hitson. Mr. Milner is brother of Mrs. Hill.

BASE BALL WINNERS AT M'CAULLEY

In a hard fought base ball game Saturday in the Hamlin park, the Royston club defeated Hitson by a score of eight to seven.

Wise Chapel and Royston play next Saturday in another league game at Hamlin park.

McCauley played a double header Sunday at McCauley, the opposition being the fast Trent club and the Hitson club. Trent taking the first game by a score of eleven and seven. The Hitson club was badly beaten by McCauley in the second game by a score of twelve to two.

The McCauley Red Caps take on Trent next Saturday at Trent. More than five hundred people witnessed the double header in McCauley Sunday, and the team appreciates the McCauley fans who really stay with their team.

REGULAR SHOWERS CONTINUE TO COME

Rains keep appearing this week as they have for the past months. Regular two or three each week. Rains are welcome, yet it is beginning to appear that for once this community has had a bit more than is really needed. That is something.

Many combines have been bogged down most of the week, owing to the condition of the wet fields. Wheat has been dry enough to harvest fairly well, but there is no bottom to the soil.

All kinds of farm growth is booming with recurring rains and warm weather. It begins to look as if there is a good crop of feed right around the corner, and as for cotton, there is a long summer ahead for it, that may hold almost anything. It looks fine right now, but as may be expected, there are lots of weeds.

EARLY COTTON PLANTERS HAVE PLENTY OF SQUARES

It is well to keep an eye on early planting of cotton. It will be recalled that Mr. Hilterbrand, who resides near the Double Mountain River bridge, had cotton planted again this year, early, in fact the late freeze did nip a lot of it. But still he had seed ready to come up when the air warmed up. This week he reports his cotton fruiting rapidly.

Another T-Diamond farmer, a Mexican by the name of Pete Nunez has 60 acres of cotton with a remarkable growth. He had just finished planting this when the freeze came, and thus another farmer had his cotton ready when it warmed up. Nunez has lots of squares on his 60 acres and it now looks as if there is a race on for the first bale into Hamlin.

RICHARD W. FEAGAN COMPLETES AT SMU, DALLAS

Richard Wynne Feagan, son of Mr. and Mrs. Elmer Feagan of Hamlin, was among the more than 200 students who received degrees Tuesday night at Southern Methodist University's twenty-third annual commencement exercises.

Feagan, who majored in accounting, was awarded the bachelor of science in commerce degree.

In addition to being active in Delta Sigma Phi social fraternity, Feagan was prominent in varsity athletics. He won his letter in tennis in 1938.—SMU News Bureau.

Rev. Joe Hull and family of Monahans spent last week visiting in the home of their friends, Mr. and Mrs. L. E. Hines of Plasterco. They returned home Saturday, accompanied by Melville Hines as far as Big Spring, where he met his uncle Sherman Moulton of Spartenberg where he will visit a few weeks.

Fred B. Moore Jr. who was a student in the New Mexico Military Institute the past term, came in last week for his summer at home with his parents, Mr. and Mrs. F. B.

Hamlin Wheat Territory Humming With Combines, Harvest In Full Swing

The hum of the reaper is in the air all about Hamlin this week. From early to late at night the roar of trucks bringing in the golden grain from the fields has been a dominant note.

For many years this country has not experimented much in wheat, but all along farmers have known that wheat would grow and yield fine in this part of the state. But as the Herald has said before, most of us regard the wheat crop as being an accident. For that matter any crop could be called an "accident." Sometimes it looks as if there would be no crop and conditions turn out where it looked like the very stalks would turn to grain. That was true last year. This year it began to look as if wheat would never get started. A dry fall, and so much cotton that wheat did not get planted to a good start. But that early fine rain of February came just in time to provide for the "accident." An early spring and rank growth created another hazard because of the possible freeze. and the freeze did come, and some of the earliest wheat got so nipped that the crop accident did not happen in full as it had promised.

This week both railroads of Hamlin, the Santa Fe and the M. K. & T. have been the gathering point of long strings of cars and gangs of men and trucks loading out wheat to the markets or storage centers of the world. It would appear that there is no excuse for even a small boy or an old man to be idle now. Wheat harvest is in full blast, for the wheat farmer. He needs rapid action and the weather is helping.

It is natural that persons of 50 years should turn their memory's pages back to the harvest days of their youth. See the scythe clip the wheat, observe the long straight

rows of cut wheat, the tie-men, the shockers, and listen to the sing of the whetstones on the blades as each "cradler" reached his round. What a sight! The harvest was not for dollars in those days but for BREAD. Most every farmer had his small tract of wheat, his small granary, flour sacks, and mules to haul the wheat to the "roller mill." Nobody was hungry, nobody was idle, there was plenty of everything except machinery and a struggle to get dollars.

But we must NOT dream any more. This article is a news item, a kind of record of this Hamlin community, at wheat harvesting time this good year of 1938. Today there is a hum of machinery all around. The song of the reaper with a sythe in his hand will never again be. Gas and oil, cunning machinery does the trick now with not so much muscle, a little bit of thought and a whole lot of grumbling. The wheat crop is a blessing to this great nation, it is to this Hamlin country, but if we all could be harvesting wheat for our own ovens and not for the dollar there would not be so many hungry with all the bins bursting with unground grain.

Hamlin community farmers are getting yields in proportion to the age of their wheat when the freeze came. It is hardly falling lower than 15 bushels, however. That is a good crop, and much of it will go far over the 20 bushel mark. The price! Well the price is good considering everything . . . the amount on hand and the estimated yield of this 1938 crop. It is a long ways in most communities from the wheat field to the mill and back to the kitchen, and that is why there is so much difference between a bushel of wheat and a sack of the best flour, or a loaf of bread.

D. A. R. MEDAL AWARDED STAMFORD GIRL

A medal offered by the Christopher N. Freeman Chapter Daughters of American Revolution was awarded to Mary Charlotte Locke, a junior in the Stamford High School. The Medal was offered to the student in the Hamlin, Stamford and Anson schools who made the highest grade for the year in American History.

In the final count Mary Charlotte Lock had a grade of 97%, Bessie Joiner, Hamlin, 97 and Dorothy Isbell, Anson, 95.

The Medal will be given again next year, and announcement will be made earlier in the next school term.

Besides giving the medal the chapter also sent the D. A. R. Magazine Monthly to the libraries of these three schools.

Mr. and Mrs. J. W. Wendel returned on Wednesday of last week from a 15-day trip to California. They visited their son, Hamilton, in Stockton and took in the sights of San Francisco. At Arcadia they visited a nephew, W. R. Fulwood. On the westward trip they were joined by their daughter, Mrs. I. E. Verna who resides in Buckeye, near Phoenix, Arizona. It would make a long story if all they saw could be told.

Eight grandchildren, all at one time in "grandpa" Bynum's home last Sunday, is what the Doctor is talking about—he says that's all he has . . . and to have them all visit Dr. and Mrs. Bynum at the same time is the only remarkable point. They were the two sons of Mr. and Mrs. O. H. Berry of Sweetwater; the three daughters of Mr. and Mrs. A. R. Edwards of Wichita Falls; one daughter of Mr. and Mrs. D. L. Nickless of McAllen and two daughters of Mr. and Mrs. F. B. Weakly of Roby. The doctor says he had all the fried chicken legs the kiddoes could eat . . . plus a lot of cream etc.

Mrs. D. D. Harden accompanied by her son, Alfred Harden, of Abilene, returned Saturday from Bryn-where they attended the graduation of her youngest son, Thad Harden Jr. Thad majored in Architecture and was one of the 60 honor students out of a class of 543. He is now employed with an architectural company in Fort Worth, beginning his work with this company on Monday after his graduation.

Miss Mary Lou Bailey spent the week end at home, taking a short visit between sessions of the State Teachers College at Denton. She was accompanied back by her sister, Miss Dorothy Jane, a recent high school graduate and both of them will do summer work there.

THE BEST WAY TO BUILD A COMMUNITY

Is to patronize that community. Can anyone deny that statement? The best way to "dry up a cow" is to quit her regularly, and just go to her when you can not get your milk from some other cow. Everyone knows the old story of "wolf, the wolf," it's too late to get excited when you want some milk and you find that by your action towards your old cow she's quit producing any.

Do your own community that way and finally you will decide that it is not a good place in which to live. You will quit repairing your house, taking any pride in what you have and finally you will sacrifice a lifetime's possessions to get where "people are doing things." The trouble with you BUD, is that you quit "doing things" so long ago that you have lost your "wad."

Invasion comes to that community or nation that sits around and never tries to keep its own fences up. There is always a "taker" for you and yours when you lay down on the job. Revolution, misery and despair comes to a nation because of its internal neglect, and it is easy to happen too... and in most cases the person responsible for the situation can up and get out and look back with sarcasm and say "well what's the use." Hamlin community is being invaded every day by firms, and designing concerns who think we are a bunch of suckers, who had rather bite at their bait with our money than first think of the "home place" to buy it.

When one thinks of needing anything, his loyalty to home should prompt him to think "well I'll just buy it down at? well, just any place that should handle it. Why first think of getting in the town that is invading your own home and community. Why contribute to the downfall of your own prosperity? Why forget to draw on the friendship of the ones who know you and

are interested in you? Why take the course that leads to final dissolution of all that home means to you... and that is what one does when he contributes his patronage to some other town.

PEOPLE ARE DISTURBED

Some seem to think that the economic condition of this country is mostly in the minds of the people. Part of it, at least is a mental attitude. But the trouble rests on the shoulders of that vast majority of citizens who work for someone else. If one man employs others, and there are ten to be employed and only two out of the ten are needed, that leaves a problem of the eight. The main items in the minds of ninety-nine persons out of a hundred, are such things as food, clothing, health, home and what is going to happen when old age comes along. Just as long as the human side of life is neglected in favor of the dollar, so long will the minds of people be disturbed.

We hear much these days about "underconsumption." If persons have nothing to give in exchange for stuff they need to consume, except labor, and machinery does the work of 10 to 50 laborers, how can we adjust "consumption." It begins to look as if it will mean but little in the way of dollars to those who are fortunate enough to produce wheat, hogs, corn, cotton etc., unless consuming starts.

In the line of manufacturing, only a comparative few are concerned in "over production" and the mill can be shut down to allow consumption to catch up. The shutting down is what hurts. Then it would appear that there are too many manufacturing in proportion to the number or amount being consumed. While on the other hand it seems clear that there are too few producing something to eat while the crowd is shut out because their labor is not needed. There has been growing, a wide difference between the number of people depending on jobs and the number of

jobs available for the people, for many years. Then the only solid solution is "back to nature" for life, yield to the Bible's old statement, to "till the ground from whence he is taken."

LEGAL NOTICE

NO. 1576

GUARLIANSHIP OF LONIE MYERS, A PERSON OF UNSOUND MIND.

IN THE COUNTY COURT OF JONES COUNTY, TEXAS.

TO ALL PERSONS INTERESTED IN THE ESTATE OF LONIE MYERS, A PERSON OF UNSOUND MIND:

You are notified I have on this 7th day of June, 1938, filed with the Judge of the County Court of Jones County, Texas, an application for authority to make to L. A. Hedrick, as lessee, an oil and gas and/or mineral lease of that certain land belonging to such person of unsound mind, described as follows: All of the East one-half (E½) of the Northwest Quarter (NW¼) of Section No. 15, Block 15, T. & P. R. R. Co. Land, containing 80 acres, more or less AND the South Thirty (30) acres of the West Sixty (60) acres of the Northeast Quarter (NE¼) of Section No. 15, Block 15, T. & P. R. R. Co. Land, both tracts being in Jones County, Texas, and such application will be heard in the County Court room in the County Court-house of such County, at Anson, on the 21st day of June, 1938.

Witness my hand this 7th day of June, 1938.
D. R. MYERS,
Guardian of the person and estate of Lonie Myers, a person of unsound mind.

WISE CHAPEL NEWS

(By Catherine Drake)

The rain we had Friday night was well needed. Hoeing and chopping cotton is in full swing.

Mrs. W. A. Norris and daughter of Mabanks are visiting her parents Mr. and Mrs. O. L. Jenkins and family.

W. B. Teague has returned home from Stephenville, where he has been in school.

Catherine Drake had as her guest Sunday, Viola Smith of Levell and Miss Louise Abbot and two of Miss Abbot's girl friends of Aspermont.

Mr. and Mrs. R. C. Hayes and family moved Sunday near Albany.

Mr. and Mrs. Lenard Proffitt and two sons spent Saturday night with her parents, Mr. and Mrs. Clyde Benham and family in Hamlin.

Miss Juanita and Edgar Patterson spent the week-end with Mr. and Mrs. Cedell Crew at O'Brien.

Mrs. Hampton, of Abilene is visiting Mrs. John Agnew for a few days.

Mrs. E. A. Isbill is spending a few days with Mr. and Mrs. Dave Harris.

HAMLIN, TEXAS

WASHINGTON NEWS

FROM CONGRESSMAN
CLYDE L. GARRETT

FARMERS AIDED—A bill, S. 3230 giving farmers an opportunity to appeal without court fees in bankruptcy cases has been reported favorably to the Senate.

COMMODITY PRICES AGAIN HIGHER — Wholesale commodity prices registered their second consecutive advance last week. This index in the week ended May 21 was 74.7 compared with 74.4 in the preceding week and 74.0 two weeks ago. The index is now at the same level as a month ago and 15 per cent lower than a year ago. The increase in the all-commodity index was largely due to higher prices for farm products and foods and more specifically to livestock and meats.

FARM EMPLOYMENT SHOWS INCREASE—Employment on farms increased more than usual during April. This situation apparently was the result of early spring, and conditions generally favorable for early season farm work. Total employment on farms averaged 285 persons per 100 farms on May 1 or 12 more than a month earlier. This year the seasonal increase during April was 50 per cent greater than a year ago and just double the average April increase from 1932 to 1936. Planting or preparation for planting spring crops kept farmers busily occupied around the first of May.

AERIAL PHOTOGRAPHY AWARDS—The awarding of contracts for 340,183 square miles of aerial photography in 21 states was announced by the Agricultural Adjustment Administration. This, with previous awards, brings the area contracted to be photographed in 1938 to a total of 449,037 square miles. In 1937, approximately 500,000 square miles were flown.

SOCIAL SECURITY — Opening the question of extending coverage under the old age insurance provisions of the Social Security Act "as rapidly as feasible" to include domestic servants, farm laborers and self-employed workers, the Advisory Council on Social Security has requested the Social Security Board for data by September 15 to aid it in its study of methods of extending the coverage under this program. The council has also notified the Board that it had decided unanimously to recommend the inclusion of employees of nonprofit religious, charitable and educational institutions under the old-age insurance program.

FEWER MILCH COWS, BUT MORE MILK—The total quantity of milk produced on farms in the U. S. last year is estimated at slightly more than 103 billion pounds. Production was about the same as in 1936, nearly 2 per cent greater than in either 1934 or 1935. The average number of milch cows on farms in the U. S. during 1937 is estimated to have been 23,710,000 head. This was about 1 per cent fewer than in 1936 and about 6 per cent below the peak number in 1934. Milk production per cow in 1937 averaged 4,353 pounds, which is about 1 per cent higher than in 1936 and the highest since 1931.

BANK LOANS TO FARMERS SHOW INCREASE—The commercial banks of the country loaned farmers increasing amounts of money last year. The total of such loans amounted to \$1,289,801,000 by the end of 1937. Commercial bank loans to farmers increased 19 per cent during 1937. In the last half of the year there was an increase of 5 per cent over the amount outstanding on June 30, 1937. Ordinarily such loans fall off during the latter part of the year. The increase was made up of personal and collateral loans to farmers. Loans secured by farm real estate showed only a nominal change. The large volume of personal and collateral loans was a result partly of the Commodity Credit Corporation loan program on cotton and corn, nearly three-fourths of these cotton and corn loans being held for commercial banks and lending agencies.

CLOVER FARM STORES

Repairs, remodeling, and new construction of farm buildings are not making up for normal depreciation. A few people realize how bad the situation really is. Many structures must be repaired at once or they will be worthless. Any have already deteriorated to such an extent that they are beyond repair. On most farms, buildings have not been properly maintained since the postwar drop in farm prices in 1920. Type and size of structures needed on

farms also has changed considerably in many sections of the country, due to the change in the kinds and types of crops grown.

NEW STAMP Printing of the special commemorative postage stamp, which is being issued by the Post Office Department in connection with the 300th anniversary of the landing of the first Swedish and Finnish colonists in this country, was begun at the Bureau of Engraving and Printing.

Collegiate Dancer "Most Artistic"

Creation and artistic execution of modern dance won for Palma Robinson of Coleman, Texas, the annual Leman Award which is given to the senior making the most artistic contribution to Texas State College for Women in Denton. The daughter of Mr. and Mrs. C. V. Robinson, she has studied dancing in the department of Physical Education throughout her college career and has been presented in numerous programs throughout the state. The medal has been won by writers, artists and musicians, but this is the first time it has gone to a dancer.

L. B. Williams who has just completed his second year in A. & M. College, returned home Saturday. Mr. and Mrs. H. A. Stacy spent last week in Clovis, New Mexico, near which place they visited a brother of Mrs. Stacy, Ernest Huffman, who was very sick.

MRS. F. H. TERRELL DIED WEDNESDAY AFTERNOON

Mrs. F. H. Terrell, one of Hamlin's pioneer women, passed away at her home on Union Avenue, Wednesday afternoon at 5:35 o'clock.

She was 58 years, 6 months and 15 days of age.

Mrs. Terrell had been in failing health for several years. She is survived by one son, Cecil Terrell, and two sisters, Mrs. Joe Holt and Miss Lula Fletcher with whom she made her home. Her husband and one son passed away several years ago.

Mrs. Terrell was a member of the Methodist Church and was a devoted mother.

Funeral services were held at the residence, Thursday afternoon at 2:30, conducted by Rev. Hanks, pastor of the Methodist Church.

Interment was in East Cemetery, under the direction of the Barrow Company.

MRS. S. A. CRAIG PASSED AWAY THURSDAY MORNING

The mother of Mrs. Alvin Thigpin passed away Thursday morning, at the home of Mr. and Mrs. Thigpin. She had only lived here a few months. Arrangements for the funeral had not been made when the Herald went to press Thursday afternoon. Mrs. Craig had relatives in Abilene, Kress, and Lubbock, Texas, and a daughter, Mrs. John Coffee of Big Spring.

Mrs. W. S. Slayton of Commerce, Mrs. W. E. Martin of Ft. Worth and Mr. and Mrs. Bill Biggerstaff of Hobbs were visitors in the home of O. W. Rush, Monday night.

Van, Oddis and Ray Huling and families were visited this week by Mrs. W. S. Slayton of Commerce and Mrs. W. E. Martin of Ft. Worth.

Mr. and Mrs. Elvis Blogg and Mrs. Bud Murphy and daughter, Miss Maxine, of Waco visited the O. W. Rush family in the Wise Chapel community this week.

A noble aim faithfully kept, is a noble deed; In whose pure sight all virtue doth succeed. — Wadsworth.

Dr. and Mrs. L. S. Magee and family and Miss Ludelle Taylor visited Mr. and Mrs. Coy Magee in Wichita Falls, Sunday.

Fred B. Moore Jr., who has been attending a military college in Roswell, New Mexico, is at home to spend his vacation with his parents, Mr. and Mrs. Fred B. Moore.

Miss Doris Pope went to Denton Saturday to attend the graduation of her friend, Miss Virginia Harroun. She also visited friends in Dallas and Decatur.

Miss Carolyn Greenway returned last Friday from the Canyon Teachers College to be at home during the summer. Miss Greenway is majoring in physical education.

Mr. and Mrs. Ross Compton, and sons, Ross D. and Lewis, and a nephew, H. A. Davis, of Denton, were guests this week in the home of Mrs. Compton's sister, Mrs. W. T. Cherry. They were enroute to Los Angeles, California, where Mr. Compton who is a teacher of sociology in N. T. S. T. C., Denton, will take work in the University of Southern California.

Miss Maxine Benson, graduate nurse from Abilene, visited with her parents, Mr. and Mrs. W. E. Benson, Sunday and Monday. Accompanying Miss Benson was a sister of Mr. Benson, Mrs. B. F. Powell, of Toyah, Texas, who underwent major surgery at Hendrick Memorial Hospital at Abilene Tuesday the 7th, last reports were that she was resting well.

Mr. and Mrs. Holley Toler and daughter, Suzanne, of Austin, came this week to visit their parents, Dr. and Mrs. A. E. Pardue. Mr. Toler returned to Austin but Mrs. Toler and Suzanne remained for a longer visit.

Miss Lucille Newsome returned home from Abilene this week having completed her sophomore work in McMurry College. She also received a teacher's certificate in both manuscript and cursive writing.

Mrs. W. A. Norris and little Miss Gwendolyn of Mabank are spending two weeks with her parents, Mr. and Mrs. O. L. Jenkins.

Miss Mary Beth Moody who is in S. M. U. will arrive home this Friday. She has delayed coming because of being a bridesmaid in the wedding of her room-mate who was married, Thursday, June 9th.

Mr. and Mrs. L. D. Nickless and daughter, Jamie Jean, of McAllen, were here this week to visit Mrs. Nickless' parents, Dr. and Mrs. J. T. Bynum.

When You Need a Laxative

Thousands of men and women know how wise it is to take Black-Draught at the first sign of constipation. They like the refreshing relief it brings. They know its timely use may save them from feeling badly and possibly losing time at work from sickness brought on by constipation.

If you have to take a laxative occasionally, you can rely on

BLACK-DRAUGHT
A GOOD LAXATIVE

BUSY BEES

Wednesday, June 1, the Busy Bees met with Mrs. F. W. Poe. Because of a slow start that morning, we didn't appear to get much done, but a very enjoyable day was spent nevertheless, and after all, we didn't do such a little. We have to give ourselves a little praise now and then, to keep up the working spirit.

Those participating in the work, eats and talk for the day, were: Mmes. D. M. Harris, Jno. Dutton, O. A. Rush, R. C. Hays, Will Ivy, H. C. Harber, W. L. Fletcher, P. D. Brown, Buren Carlton, Elmer Joiner, Howard Dutton, Will Pomby, Jesse Treadwell, Johnny Agnew, Marvin Carlton, Kelly, Urby Weaver, Banks Green, J. E. Brown, Miss Lily Dutton and Mrs. Poe.

Our next meeting day is on June 15, with Mrs. Elmer Joiner. We hope the men folks are up with their work a little better by then as it makes it hard for so many of us to attend when times are so busy, but remember the day.

—Reporter.

Mrs. Homer Massey of Dallas is at the home of her father, W. L. Walton for a visit.

Dr. L. P. McCrary and wife spent the past week-end visiting their daughter, Mrs. Rhodes, in Tulsa, Oklahoma. Several of their grandchildren returned with them to spend part of the summer here.

V. H. Pycott of Dallas was here a short while Thursday to visit his aunt, Mrs. Sam King. Mr. Pycott was on his way to Ft. Collins, Colorado, A. & M. College to spend several weeks in Vocational Education. He is an instructor in the Dallas Technical High School in the printing department.

Mrs. Lola Harbert and daughters, Mrs. G. P. Odom and Miss Juanita Harbert, visited relatives in Denton this week.

Mr. and Mrs. D. L. Bristow were called to Hico last week by the death of Mrs. Bristow's only sister, Mrs. S. W. Wall. She had been an invalid for over six years but death came very unexpectedly.

MRS. ROOSEVELT LIKES FAIR "SAMPLE"

NEW YORK (Special).—Mrs. Eleanor Roosevelt, wife of the President, like more than 200,000 others persons from all over the world, has already sampled the New York World's Fair of 1939 by visiting the exhibit the Fair Corporation maintains for the public on the Fifth Avenue floor of the Empire State building.

"I am much interested in this Fair," said Mrs. Roosevelt, after she had seen the ingeniously illuminated models and animated displays that promise so many wonders for the Nation's Fair. "It seems to me that there is opportunity here to do a remarkable piece of work from the educational standpoint. The conception of the whole Fair as outlined to me sounds very provocative of thought." The theme of the Fair is "Building the World of Tomorrow."

THESE ARE LIFESAVERS

THAT'S what Consumers Information calls these workers in a Pittsburgh glass plant, who are testing and finishing non-shatterable glass for use in automobiles. It is explained that one of the greatest hazards in auto accidents used to be flying glass, which was the most common cause of injury. Now all American cars

are equipped with the shatter-proof variety, developed by American industrial research experts especially for this purpose, and the saving of many lives is the result. The man shown above keeps a constant vigil with his pyrometer, to assure proper melting conditions. The girl is polishing the edges of a car window.

Lofty designs must close in like effects.—Robert Borwning.

Uncommon Americans

By Elmo Scott Watson

Swindler of Millions

AROUND the turn of the century, when Americans were becoming accustomed to the idea of "Big Business" in finance and industry, Cassie L. Chadwick taught them that "big" might be applied to swindling also. Born in Canada of poor parents, Elizabeth Bigley soon decided that she didn't want to remain poor.

After getting her out of a forgery scrape, her father sent her to live with a sister in Cleveland. There she represented herself as an English heiress and married a young doctor named Chadwick but he soon divorced her. For the next four years she supported herself as a spiritualist, clairvoyant and hypnotist under a variety of names in the Middle West. In Toledo she was arrested for forging a draft for \$10,000 and sentenced to the penitentiary.

Paroled in 1893, she started out to get money in a big way. She let it be known that she was related to Andrew Carnegie and that the facts of that relationship could only be whispered. After a trip to New York to visit her "father," she came back to Cleveland and turned over to the president of a bank a trust fund agreement and notes amounting to more than \$15,000,000. Since these were apparently signed by Carnegie himself, the banker readily gave her a receipt for them.

With her credit thus established, Mrs. Chadwick started on an orgy of wild borrowing and spending. Once she bought \$1,200 worth of handkerchiefs from a Cleveland store. She sent grand pianos to eight friends as "little surprises." She chartered a special train to take her friends to New York.

Then suddenly her bubble of prosperity was punctured. An enterprising Cleveland newspaper printed a full-page story revealing the details of her past life. She managed to put off the anxious bankers who were demanding repayment of their loans and fled to New York. Arrested and brought back to Cleveland for trial, it was revealed that her liabilities were more than a million dollars. Several banks failed as the result of loans to her.

Moreover, Andrew Carnegie, who had examined the documents which she had deposited in the Cleveland bank, pronounced them forgeries and Mrs. Chadwick an imposter. She was sentenced to the Ohio penitentiary again, this time for four years and there she died in 1907, leaving an estate of only \$14,000. © Western Newspaper Union.

Longest Lakes

LAKE SUPERIOR is not only the biggest lake in the United States but it's also the largest body of fresh water in the world. It's not the longest American lake, however, for Lake Michigan is 316 miles from end to end as compared to Superior's 254 miles. Both, however, have to bow to another for length—in name! East of Webster, Mass., lies Lake Chagoggagogg—46 letters including 14 g's and 10 a's!

According to tradition, this name developed from the fact that the original inhabitants of the region liked to fish in this lake which had three divisions—upper, middle and lower—and the fishing was best in the middle. Two Indian tribes, living at opposite ends of the lake, used to dispute over which had the right to fish there.

Finally they patched up their differences and made a treaty providing that those living at the upper end could fish in the upper lake, those living at the lower end could use the lower lake but neither could fish in the middle lake. From that treaty the lake got its name: Chagoggagogg—"You fish on your side"; Manhaugagogg—"I fish on my side"; Chaubunagaungga—"Nobody fish in the middle."

Here's Good Health, Governor!

AUSTIN, Texas.—The milk route to good health was recommended by the Governor and the State Health Officer of Texas as Governor James V. Allred (right) issued a proclamation designating June 9 to July 6 as Milk and Dairy Products Month. "Here's good health," the Governor was saluted by Dr. George W. Cox, who added: "Good, clean safe milk is the nearest-perfect of all foods."

∴ Society and Clubs ∴

RECENT BRIDE HONORED

Mrs. Dave Walker, of Stamford, and Mrs. Oscar Pace, of Abilene, were charming hostesses when they entertained in the home of the former Friday afternoon, complimenting Mrs. Charlie Tupper, a recent bride.

Pretty summer flowers adorned the entertaining rooms where tables were appointed for bridge. At the conclusion of the games, the honoree was showered with lovely gifts by the hostesses.

An attractive refreshment plate carrying chicken salad sandwiches, coconut macaroons, and iced tea, and a beautiful pink snapdragon, was passed to Mes. Herman McBride, Otis Hopper, Lowell Ballew, Heflin Miller, Tom Vaughan, C. C. Prater, R. H. McCurdy, John Ed Day, Mrs. A. L. Thompson, of Anson; Mrs. Crockett Appling, of Stamford, and Misses Ruby Thompson, Mary Boyd, Opal Cory, Ruby Dean, Viva and Lola Milstead, Edwina Gilbert, and the honoree.

MISS KATHRYN ADKINS AND MR. DELMA SHELBURNE MARRIED

The marriage of Miss Kathryn Adkins and Mr. Delma Shelburne took place Saturday morning at nine o'clock at the home of the bride's uncle and aunt, Mr. and Mrs. Ira Clements on Jackson Avenue.

The ring ceremony was read by Rev. J. Henry Littleton, pastor of the First Baptist Church as the wedding party stood beneath an arch of fern and pink rosebuds which was formed over the double entrance between the living room and dining room. Tall floor baskets holding pink radiance roses and fern placed on either side of the entrance completed the arrangement, while baskets of roses in the chosen colors were placed at vantage points throughout the house.

Preceding the ceremony, Miss Edwina Gilbert played "The Rosary" and accompanied Mrs. Mart Farrow and Miss Ruby Dean as they sang "I Love You Truly." As the bridal party entered Miss Gilbert played the wedding march from "Lohengrin" and during the ceremony she gave a soft interpretation of "My Heart Thy Sweet Voice Calling."

The bride who entered on the arm of her uncle, Ira Clements, was wearing a modish frock of frosty blue crepe with embroidered marquisette yoke and sleeves. She carried an arm bouquet of pink gladioluses and carnations.

The bride's only attendant was her aunt, Mrs. Herman Scruggs, of Olden. She wore a dress of heavenly blue net with pink taffeta trimming. Her corsage was pink and white carnations.

Leslie Shelburne, brother of the groom, was best man.

Following the ceremony a reception honoring the couple was held in the home. Two large punch

bowls were placed at each end of the lace laid table which also held the beautiful white wedding cake topped with a miniature bride and groom, and encircled with fern and pink rosebuds.

Mrs. W. C. Russell and Miss Eleanor Temple poured punch and were assisted in serving by Misses Doris Pope, Mary Boyd, Geneva Albritton and Margaret Rowe.

As guests arrived for the wedding they were greeted by Mrs. Bowen Pope who presented them to the host and hostess. Others receiving were Mrs. J. B. Adkins, grandmother of the bride, Mr. and Mrs. T. E. Shelburne, father and mother of the groom, Mr. Herman Scruggs and Mrs. Stanley Carmichael. Misses Hazel and Kaleta Adkins, Twila Smith and Jimmy Clements acted as ushers.

Guest signatures were secured by Mrs. H. O. Cassle who had charge of the register.

Mrs. Shelburne is a granddaughter of the late J. B. Adkins and Mrs. J. B. Adkins, pioneers of this city. She has taught in the Hamlin public schools for four years. She is a graduate of T. S. C. W. in Denton. Mr. Shelburne, a son of Mr. and Mrs. T. E. Shelburne, is a graduate of the Hamlin High School and attended Texas Tech in Lubbock. He is associated with his father, T. E. Shelburne, in the contracting and building business in Hamlin where the couple will make their home.

Following the reception Mr. and Mrs. Shelburne left for a brief wedding trip. The bride traveled in a smart dress of navy sheer with touches of white, worn with white accessories.

TUESDAY CLUB

The last meeting of the club year was held Tuesday afternoon in the home of Mrs. Bowen Pope when she was hostess to the Tuesday Club and other guests.

Three tables of Contract were in play with Mrs. W. F. Johnson making high score for the club and Mrs. D. J. Payne scoring high for guests. A salad plate with iced tea was served.

Members present were Mes. J. L. Keen, John T. Day, J. W. Ezell, J. C. Culbertson, W. J. Poe, D. O. Sauls, R. B. Wiard, W. F. Johnson, and Miss Pearl Whiteley. Guests were Mes. D. J. Payne, C. G. Green and J. T. Bynum.

HOOT OWL CLUB

Mr. and Mrs. Clinton Barrow entertained the Hoot Owl Club in their home Thursday evening. Games of bridge were played in which Mr. and Mrs. Bill Rountree made high scores.

Sandwiches, salad and punch were served at the conclusion of the play.

Those present were Mr. and Mrs. H. L. McBride, Mr. and Mrs. R. Y. Barrow, Mr. and Mrs. Grogan Turner, Mr. and Mrs. Bill Rountree and Mr. and Mrs. Dick Holley.

COTTON SURPLUS CAMPAIGN

AIDED BY DRIVE FOR USE OF U. S.-MADE FLAGS

A campaign to aid in relief of the South's serious cotton surplus by insistence on the use of flags which are "wholly American in manufacture and material," was urged on the American Legion and the American Legion Auxiliary by Mrs. O. J. Oliphant, past national president of the American Legion Auxiliary.

In letters addressed to Daniel J. Doherty, national commander of the American Legion, and to Mrs. Malcolm Douglas, national president of the American Legion Auxiliary, Mrs. Oliphant expressed approval of the Legion's advocacy of American-made goods and products, and urged that it be extended to include the national emblem.

Mrs. Oliphant reported that she has "observed the widespread use of United States flags and materials for patriotic decorations which plainly were of foreign manufacture and origin." She declared: "Many of these imports come from foreign nations."

A campaign to use flags made in America would stimulate the use of cotton at a time when the South is struggling under a surplus which is expected to reach 13,000,000 bales by August 1, Mrs. Oliphant stated. She suggested that the movement be started on Memorial Day to coincide with the opening of Cotton Week, during which chain store organizations have agreed to put their mass distribution facilities at the disposal of American cotton farmers in cooperation with independent merchants, to launch a campaign to increase the sale of cotton and its products.

"Since the chains are willing to put their entire merchandising staffs behind this campaign to assist our cotton growers," said Mrs. Oliphant, "the least we can do as patriotic Americans is to have our flags made from an American product."

"One out of every ten Americans is dependent upon cotton for his livelihood and when such an emergency exists there can be no excuse for American citizens using foreign-made flags and materials for patriotic purposes, especially by organizations such as the American Legion and the American Legion Auxiliary."

J. J. Waggoner, H. P. and W. E. Benson, Secretary of Hamlin Chapter No. 310, R. A. M., together with Companion C. G. Green, attended a meeting of Anson Chapter at Anson Tuesday evening the 7th. It was agreed that Hamlin, Anson and Stamford chapters will meet jointly each month at one of the towns to stimulate chapter work at each place.

Miss Nadine Morgan who teaches in the primary department of the Hamlin schools, left Sunday for Denton to attend North Texas State Teachers College where she will receive her degree at the close of the first summer term.

Too much rest becomes a pain.

CHAMBER OF COMMERCE NEWS

The regular meeting of Directors was held at the office Monday evening. It was voted at this meeting that we send a delegation to Austin in July to meet with the Highway Commission in the interest of the road from Hamlin through McCaulley, Sylvester and to Sweetwater. Allotment of funds has already been made for the part in Jones County toward McCaulley. All interested towns are expected to send a delegation. The Great Plains Highway Association which for several years has been sponsoring No. 4, is having its annual meeting this week at Garden City, Kansas. Due to so many things the Directors decided that we would not have a representation at this meeting. However, our organization is a member and are regularly paying their dues of \$25.00 per annum. Reports now from Mr. Romigh, the president, says that of the 2200 miles of this highway extending from Regina, Canada to Laredo, Texas, there only remains 300 miles of non-surfaced road and efforts are being made to close this gap within the next two years. Project has been put in for W.P.A. o. k. on the road from Hamlin to Rotan and it is expected that we will get early approval and this stretch of road will be completed this year.

COMMUNITY BASEBALL

Interest in community baseball is growing, those who were present at last Saturday's game report an increased attendance. Owing to the fact that many of the players of the four teams come from farm homes, the managers of the teams are having some trouble in keeping a good line up of players, but as the farm work gets less it is expected that the interest will pick up and attendance will steadily increase at the games each week-end. June pledges are now due, many have paid their June pledges. Let all remember that when these pledges were made that these games were to last through the months of May, June, July and August and that the amount you pledged in May and paid will be the same for the next three months thereafter. This Saturday the game will be played between Wise Chapel and Royston, admission is free.

GRASSHOPPER POISON

The third shipment of bran has been received at the Home Lumber

Co. for the poisoning of grasshoppers in this area, each shipment running around 6000 pounds, so you can see from this that the farmers are really putting up a fight against the inroads of this destructive pest. Any one needing this poison please call at the office of Home Lumber Co. and get your supply, this provision being made possible by the Chamber of Commerce in conjunction with the County Agent, Mr. Lynch, at Anson, Texas.

PRESSURE COOKERS

Canning time is getting here. Some are already calling for the pressure cookers which are kept at the Chamber of Commerce, there are 5 of these and are available to all in the Hamlin trade area, and you are asked to use them. The time any one can keep a cooker is from 2 to 3 days.

OPENING OF WEST TEXAS

CHAMBER OF COMMERCE

BUILDING, ABILENE, JUNE 15.

The West Texas Chamber of Commerce building and museum will be officially opened and dedicated June 15. An all day program has been arranged with a barbecue luncheon at the noon hour sponsored by the Abilene Chamber of Commerce. On the radio program our local director, Mr. Tate May, and Director for District 5 of the West Texas Chamber of Commerce, will appear and tell something of the resources of the 10 counties making up his district and with an area larger than the state of Vermont. In this building will be kept a museum which will depict the physical resources of West Texas. Here will be kept all of the panels that the various towns exhibited at the Fort Worth Centennial exhibition, also the town's moving pictures. 3 P. M. to 5 P. M. on above date open house will be held in this building where all interested parties can come and see their town's exhibits.

Miss Onita Rimmer, a teacher in the Wichita Falls public schools, came last week to visit her father, J. L. Rimmer. She and her sister, Mrs. Mart Farrow, a teacher in the Hamlin schools, left Sunday for Canyon where they will take work in the West Texas State Teachers College. They were accompanied by Mrs. Farrow's son, Mart O. Farrow.

Southwest's Choice

LITTLE Gloria Keith of Dallas, Texas, is looking forward to the biggest moment in all of her twelve years when she hops a train for New York to appear as the featured actress on the Kate Smith Hour over the CBS nationwide network on Thursday, June 16. Gloria is the Southwest's choice in the poll being conducted by Miss Smith to uncover a representative cross-section of the nation's outstanding potential radio talent. The child has been active in Dallas Little Theatre groups since she was six.

McCAULLEY MATTERS

By JOHN P. HARDESTY

Mr. and Mrs. M. L. Akins, Mr. and Mrs. Eugene McCloud, and Corinne and Evalyn Akins attended the funeral of P. M. Caudle at O'Donnell last Saturday. Mr. Caudle, age 77, a former resident of this section, died at the home of a son in the O. K. community, Dawson county, Friday. Funeral services were held Saturday, conducted by the Rev. J. W. Braswell, local Baptist pastor. Mr. Caudle was one of the finest and best of men, as can be attested by all who knew him.

Mrs. Daisy May Martin and children of El Paso, are visiting her parents, Mr. and Mrs. W. F. Davison, for a few days.

Miss Ora Stephenson, teacher in Port Arthur schools, is spending her summer vacation with her mother, Mrs. W. H. Stephenson.

Mr. and Mrs. B. F. Short visited relatives in the Gorman section last Sunday. The Roy Henningsons were visitors with relatives at Winters.

Rev. Walton Johnson filled the Baptist pulpit Sunday morning in the absence of the pastor, who spoke in two Brownwood churches, representing the West Texas Welfare Association.

Mrs. Alice Hopkins is suffering from a broken arm, the result of a fall. She, with other members of the family, was returning from the

storm cellar Friday night when she stumbled over the rough ground and fell on her right arm, breaking and fracturing it in two places.

Mrs. Turner Houghton underwent a surgical operation at Hendrick Memorial Hospital, Abilene, last Tuesday. Late report is that she is doing nicely.

H. C. Hodges, of the Colan community, and Louella Rogers of McCaulley, were united in marriage last Saturday, the ceremony being given by V. W. Jackson, local school teacher and minister of the Hamlin Church of Christ. Miss Rogers is the daughter of William and Mrs. Rogers, long time residents here. She graduated with the recent commencement of the local high school.

The hail storm last Thursday night did considerable damage to crops and houses in this community. The insurance companies are making adjustment on the damages resulting from the storm.

Bernice Hendon, who has been working with an aunt in a cafe at Melvin, Texas, has returned to the home of her parents here, Mr. and Mrs. Lee Hendon.

Again we remind our friends of the meeting of the Workers Conference to be held with us on Monday, June 20. At that time our friends are invited to be our guests. Suitable recognition will be given all who have contributed in money or labor towards the building of the Baptist parsonage. Rev. C. E. Dick, a former pastor here, will give the sermon at the morning hour, and the

Rev. E. D. Dunlap, Sweetwater, will preach at 3 in the afternoon.

Mrs. C. P. Yates returned Monday from Dallas where she spent some two months with her mother-in-law, "Mother" Yates, who has been quite ill. Mother Yates is convalescing, we are glad to report.

Since this scribe was away all of last week he has had little opportunity to know much of the happenings during this time. There is probably more news if we only had the information. Friends will help us by handing in anything that is newsworthy from time to time.

HEALTH NOTES

By Geo. W. Cox, M. D., State Health Officer

AUSTIN, June 9.—"The State Health Department's three-month old campaign against filthy rest rooms over the state has been marked by splendid cooperation from the retail business establishments involved, the public at large, and the press. Our department is so firmly convinced that filthy rest rooms are a major public health hazard that the department's sanitary inspectors are checking rest rooms as carefully as they do other violations of sanitary regulations," states Dr. Geo. W. Cox, State Health Officer.

"We have served notice on all retail establishments in Texas that they must clean up their rest rooms and continue to keep them clean under penalty of violating the State Food and Drug Law, Article 695, which carries a fine of not less than ten nor more than one hundred dollars.

"Our sanitary inspectors have been notified to assess this fine whenever they find rest rooms maintained without adequate sanitation. The public and business establishments have been adequately warned. Any subsequent violations will be dealt with through legal channels.

"We want the public to cooperate with us in this campaign. Such filthy conditions as heretofore have been prevalent over the state will never again be tolerated. When the public finds a rest room that is unsanitary, whether it be in a cafe, tavern, filling station, retail establishment or bus station, they will be doing their community a favor if they transmit this information directly to the State Health Department, Austin, so that necessary steps can be taken.

"Disease breeds in unsanitary rest rooms and is spread from one person to another, indiscriminately, under such conditions. Facilities should be available for washing the hands; toilets must be sanitary and kept that way. The rest room that does not meet these minimum requirements is a reflection on the establishment it serves and should be so interpreted."

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardui, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

HAMLIN, TUESDAY, JUNE 14

Jimmy Hull's Players, one of America's foremost tent theatres, is coming to Hamlin for one night only, Tuesday, June 14.

In bringing this company of 30 people to this city, the management wishes to especially emphasize the fact that the Jimmie Hull Players is one of the oldest and most reliable tent theatres on the road, being in its 21st year.

Originally organized as a stock company, the show has enjoyed long permanent engagements in Dallas, Houston, Galveston, Port Arthur and Beaumont, (the last named city being the home of Mr. Hull.)

"Jimmie" (as he is known to his legion of friends) has combined his

WHEN LIFE DEPENDS ON TIRE SAFETY

On May 30, Floyd Roberts shattered all track records for the 500-mile Indianapolis Race, averaging 117.2 miles an hour using Firestone Gum-Dipped Tires.

IT'S ALWAYS

Firestone

FOR 19 CONSECUTIVE YEARS THE WINNERS OF THE INDIANAPOLIS 500-MILE RACE HAVE PROTECTED THEIR LIVES WITH FIRESTONE GUM-DIPPED TIRES

THEY said it couldn't be done — that tires could not withstand the torture of the new high speeds. Yet Floyd Roberts set a new record, at this year's Indianapolis Race, averaging 117.2 miles an hour for the 500 miles on Firestone Gum-Dipped Tires.

With the sun-baked brick of the straight-away and the granite-hard surface of the turns pulling and grinding at their tires, 33 daring drivers, every one on Firestone Tires, waged a thrilling battle for gold and glory. Never before have tires been called upon to take such punishment. Never in all the history of the motor car has tire safety been put to such a gruelling test. Yet not one tire failed — not one single cord loosened — because Gum-Dipping, that famous Firestone patented process saturates and coats every cotton fiber in every cord in every ply with liquid rubber counteracting the tire-destroying internal friction and heat that ordinarily cause blowouts.

Why risk your life and the lives of others on unsafe tires? Join the Firestone SAVE A LIFE Campaign today by equipping your car with Firestone Triple-Safe Tires — the only tires made that are safety-proved on the speedways for your protection on the highways.

SAFEGWAY

three units (dramatic, musical and vaudeville) into one big evening's entertainment, making it the most elaborate and expensive organization ever assembled in a big tent theatre. Yet the price of admission is low.

The cast is headed by "Skinnie" Kimling, the "Ace" of black face comedians and a late feature with the Lassies White's Minstrels and Tiny Hull, "The Personality Girl" supported by a large cast, offering the three-act laughing hit, "The Girl From Paris."

Harry S. Warner, late feature of "My Dream Girl Co." of Chicago, will be here in person.

The management guarantees this show to be clean and wholesome, free from vulgarity, and real entertainment for the whole family.

There is also a red hot swing band and orchestra and a world of real up to the minute singing and dancing novelty vaudeville acts that will appeal to all.

The big tent is water-proof and will be located near Home Lumber Co., one block east of Safeway Store. Auspices of Hamlin Fire Department.

Miss Ann Ferguson who has been attending Texas Tech is at home to spend her vacation.

Miss Katie Jane McClellan, of Davis, Oklahoma, came Monday to spend the summer with her grandmother Mrs. J. W. Wooten.

J. W. Gay Jr. and Mrs. Gay of Moody came up Monday to spend a few days with their parents, Mr. and Mrs. J. W. Gay and other relatives, while on their vacation. Mr. Gay is a newspaper man, and recently purchased the Moody Courier. He formerly operated the Venus Express. Mr. Gay seems highly pleased with the town of Moody.

Rev. J. A. Young had the delight of entertaining his brother, Carl Melvin Young of Teif River Falls Minnesota for ten days. He was accompanied by his son and wife and two children. They left for their home last Friday. While here they visited the Carlsbad Caverns. The elderly visitor from Minnesota is several years more than 80, but is active as a much younger man. This great open country was a rare treat to him.

Though time be precious to me, as all irrevocable good things deserve to be, and of all other things I would not be lavish of it, yet I will account no time lost that is either lent to or bestowed upon my friend.—Bishop Hall.

All suffering is caused by an obstacle in the path of force. See that you are not your own obstacle.—Elbert Hubbard.

He hath riches sufficient, who hath enough to be charitable.

LOYALTY

Annie Mae and Lulu, colored, met on the street, and Lulu complained that she was hungry, had no clothes and could not pay the rent.

"Effen you ain't eatin' regular and ain't got no clothes, how come you don't go down to the relief? They gives you sumpin' when you're hungry," advised Annie Mae.

Lulu looked interested. "Where am the relief?" she asked.

"It's down at city hall," Annie Mae told her.

"Well, I doan know," said Lulu. "I've been givin' the Red Cross my trade, and I kinder hates to change."

HOW OLD ARE YOU?

Age is a quality of mind. If you have left your dreams behind,

If hope is cold. If you no longer look ahead, If your ambition's fires are dead, Then you are old.

President Evans and wife of S. Marcos State Teachers College were visitors the past week-end at the home of Mr. and Mrs. D. M. Harris in the Wise Chapel Community. Mrs. Evans is a sister of Mr. Harris.

John F. Green, J. B. Terrell, W. F. Martin and R. Z. Michael of the State University came in Friday for their summer at home.
